## POTENTIAL SCAM ALERT TO SEAL BEACH MERCHANTS

In the wake of our recent traumatic events, it has come to our attention that some potential “scam artists” have begun invading Seal Beach, posing as an “official source” to donate funds to the victims of this tragedy.

Please be advised that the Seal Beach Chamber of Commerce has created a fund for this purpose, and that we are a legitimate source to make donations for the benefit of the victims’ family members. Jim Watson, the property owner, and the City of Seal Beach, have supported this effort.

As we are in the process of structuring this fund, upon completion, you will be advised how you may express your support in this endeavor through your donations. Please check our website [www.sealbeachchamber.org](http://www.sealbeachchamber.org) and the City’s at [www.sealbeachca.gov](http://www.sealbeachca.gov) for more information as it comes available.

We appreciate your patience and kind thoughtfulness as we seek to move forward during this difficult time.

THANK YOU!
